3. Mobile phones are not allowed for competitors or models during the competition and judging.
4. Competitors may use mobile phones and tablets during the day, but not during the competition. They may use social media during the event. Mobile photos **MUST NOT** be used as inspiration for the competition – you must use your own creativity, imagination, and skill during the day.
5. Minimum age for competitors and models is 18 years, except for the Baby Division, where competitors and models aged 16+ are allowed with a signed parental consent form.
6. Mentors – educators cannot be models for their students during the competition.
7. Tattoos must be covered and should not be visible to the judges. **TATTOOS, RINGS, BRACELETS, WATCHES, AND OTHER MARKS ON THE MODEL'S HANDS ARE NOT ALLOWED.**
8. Only competitors and their models are allowed to enter the competition arena. Translators are allowed but must be registered and authorized by the organizer before the competition. Any other person entering the arena must obtain permission from the organizer or floor judges – this applies to all categories.
9. Competitors will be allowed to set up their tools and products **BEFORE** the start of the competition. All boxes and tool bags (except personal handbags placed under the chair) will be moved to the back wall of the arena. They may not be placed on the worktable. No bags or suitcases may block the passage – it must be clear for floor judges. 5 penalty points will be given if items are left in the wrong place. If the work tables have drawers, products and tools may be stored in them.
10. Tool bags must be kept away from the tables and may not be accessed without permission from the floor judges. All products and tools for the category must be placed on the table. Any products not allowed for that category found on the table will be taken away and placed on a separate table. Competitors will be able to collect them after the competition ends. Repeated violations of this rule may result in a deduction of 10 points.
11. Competitors are not allowed to share products during the competition without the judge's permission.
12. Extension cords may only be used from the outlet provided for the table. They may not be used at another table (unless approved by the onsite electrician and deemed safe).
13. Each table has a workspace and two electrical outlets. The competitor is required to have adapters and extension cords for multiple devices. If a floor judge doubts the safety of an adapter, cord, or electrical device, electricians will be called to inspect it, which may delay the competitor's start time.
14. Desk lamps, UV/LED lamps, hand rests, electric files, and dust collectors are provided by the competitor.
15. Heaters or other local heating devices are not allowed; all local health and safety regulations must be followed.
16. Lighters or matches are prohibited. No open flame is allowed for heating nails, etc. This presents a fire hazard.
17. Each competition will have a briefing scheduled 15 minutes before the start of each category.
18. Competitors and models must be present at the briefing and remain at their tables until the end of the competition category.
19. Once the briefing begins, competitors must not touch their model's nails until the competition starts. If any competitor touches their model's nails after the briefing begins, 5 points will be deducted from the final score.
20. The model's nails will be checked by floor judges during registration to ensure no prior preparation has been done. If it is determined that the model was prepared before registration, the competitor will lose 10 points. Judges will also record any cuts or injuries to nails/skin before the event begins.
21. Tables, jackets, and bags will be inspected. All products on the worktable must be properly labeled. All nail products must be in original packaging with a declaration. The only exceptions are acetone or alcohol that have been poured into pump bottles and must be clearly labeled (e.g., written with a marker on the bottle – acetone, alcohol, etc.). All products used must be legal and cosmetically approved for nail use.
22. Nail forms must be used in the quantity specified in the category criteria. No pre-cutting is allowed. The use of 'form circles' for support is permitted, but no other types of supports not part of the form. If judges suspect any pre-adjustment, the decision will be made by the head judge and one additional judge, resulting in a 20-point deduction for the first offense and disqualification for the second offense in any subsequent category. That means the first offense may occur in one category, and the second in the same or another category.
23. The use of tweezers, clamps, or any tool for pinching the nail is not allowed.
24. The use of metal supports, metal tubes, or any metal bases under the forms is prohibited.
25. The length ratio of the nails should be such that the index and ring fingers are the same length, the thumb and middle finger slightly longer, and the pinky slightly shorter than the index and ring fingers (consistency and proportional length are important).
26. The use of creams, lotions, and oils is allowed.
27. When the designated time expires, competitors must stop working immediately. All competitors must leave the competition arena while all models remain for judging. (This will take time, so competitors are advised to take their bags with them.) Competitors will be allowed to return as soon as possible to clear their tables without interfering with the next competition. Models competing in the next category should raise their hands, go immediately to the floor judge, and be judged first for the just-finished category.
28. Any competitor found still working on their model after the competition has ended will be disqualified by the judge.
29. Competitors are responsible for ensuring that their models understand the judging procedure and that they visit every judge before leaving. (There may be 5–10 judges behind the curtain.)
30. Models must not leave the arena until **ALL** judges have evaluated them. Any model who leaves before being judged will be disqualified.

31. Floor judges have the right to remove, disqualify, or assign penalty points to any competitor seen violating the rules.
32. Since this is an international competition – the organizer understands there are situations beyond our control. This means the organizer will accept a late competitor (already registered and expected) up to **10 minutes after the start** of the competition.
33. New registrations made on the day of the competition will not be accepted, as the computerized system locks one day before the competition. You **MUST** register before the registration deadline.
34. Please download the scoring sheets from the NAIL BEAUTY CHAMPIONSHIP website so you can see exactly where the points are awarded.
35. **Team Trophy:** A team must include a minimum of 3 and a maximum of 6 competitors, regardless of their division.
36. Any competitor who does not follow all rules will receive penalty points assigned by the floor judges. For rules that do not specify a deduction, one warning will be given; after that, a 5-point deduction will be applied for the next warning, and disqualification for the third violation.
37. Judges' decisions are final. Score sheets will be sent by email within **15 days** after the event.

41. In the case of tied results, the winner will be determined by the head judge's score.
42. Be kind to your model. It's a long day for them. Make sure they use the restroom before the competition. Ensure your model is fed and well-hydrated throughout the day. Your model may keep track of your time on a wristwatch but must remove it before judging.
43. During the competition, and at the judges' discretion, the model and competitor may use the restroom only if accompanied by a judge or organizer.
44. All reports of rule violations will result in disqualification.
45. The Nail Beauty Championship team is not responsible for any competitor or model who does not follow or understand the rules.
